To Aneel Bhangu and Kjetil Soreide

Re: Support of WSES to GlobalSurg Study

Dear Aneel and Kjetil,

this is to provide support of World Society of Emergency Surgery (WSES) to your research protocol GlobalSURG (NCT02179112). The WSES is represented on all continents, having long experience on collaborative studies, and, in case you want, may spread the request for participation in your study through its mailing list.

The World Journal of Emergency Surgery is published by WSES with an IF of 1.06: our newspaper WJES will be pleased to consider your final report for publication.

Kind regards,

Dr. Luca Ansaloni, MD, MBBS

Predident World Society Emergency Surgery
Director, General Surgery I,
Papa Giovanni XXIII Hospital,
Piazza OMS 1, 24127 Bergamo, Italy
