

# Members wanted!

## UK-based Public Advisory Group for the Global Surgery Unit

Are you from Mexico, Ghana, Nigeria, Rwanda, Zambia,  
Benin, South Africa, India, The Philippines or Egypt?

Or have you lived in one of these countries for more than one year?

And are you interested in **improving surgical care** in these countries?

### What does the Unit do?

The Global Surgery Unit supports surgical health in low and middle income countries by addressing local health needs and conducting clinical trials and studies.

### What does this group do?

We meet every 2 months to discuss how best to involve communities in low and middle income countries in conducting our research, inform patient facing materials and review study designs.

No previous experience needed,  
as training is provided

These are paid vacancies in accordance with the NIHR INVOLVE guidelines

### Why do we need you?

Meaningful involvement from the public is critical to ensure our clinical trials are relevant to local communities, cost-effective and successful. By sharing your knowledge, you can help ensure that research is reflecting local surgical health needs and clinical trials are designed in an accessible way for patients.

### How to apply

We would love to hear from you!  
For questions or to express interest, please get in touch with Karolin Kroese by **15<sup>th</sup> November**.
