To Whom It May Concern

After reviewing the provided research protocol, we are pleased to grant the ethical approval for the research entitled: "CovidSurg Cohort Study" and "CovidSurg-Cancer" to take place at the Medical City at University Of Kalamoon ,Deir Atteih ,Syria. This approval confirms that Dr. Eyad Chatty, MD, F.I.A.P, FCAP, FASCP, chairman of the Board of Trustees of University of Kalamoon, will act as the Principal Investigator (PI) for these studies and the following team members will act as research assistants:

1. Abdal hadi alomari, 4th Year medical student.
2. Abdulla Alhmadeh, 4th Year medical student.
3. Mohamad Zafer Dabbagh, 4th Year medical student.
4. Alhoseen Mohammad Kanat, 4th Year medical student.
5. Mohammad Yaser Abd Alhameed Haidar, 6th Year medical student.

All of the team members have read the protocol and are aware of the appropriate procedures. These Studies do not collect any patient identifiable information and data will not be analyzed at hospital-level. However, Investigators may choose to pool data across their country to perform country-level analyses.

Only anonymized data will be uploaded to the Research Electronic Data Capture (REDCap) web application.

This is an investigator-led, non-commercial, Observational study with extremely low risk.
